REGIONAL BENEFITS

Superior location within special economic-logistic cluster

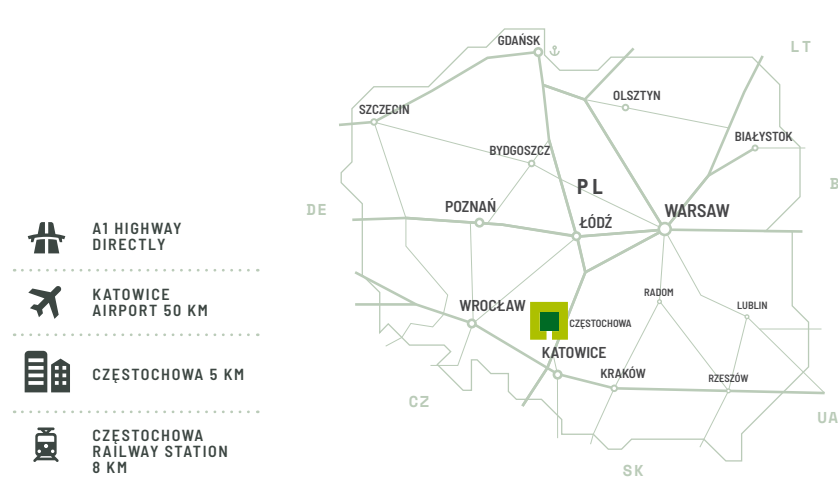

CTPark Częstochowa is a perfect project – ideally suited for logistics operations. In addition to the excellent location, the project is characterized by, among others, as much as 12.5% additional skylights in the docking area. Thanks to good access to workforce and excellent infrastructure, the park is a strategic choice for logistics companies seeking development opportunities within CEE.

Key benefits:

- ▶ More than 150 000 people of working age
- ▶ Highly skilled population for the mechanical, construction and food processing industries
- ▶ Part of the biggest industrial region in Poland Silesia
- ▶ Strategically located directly next to the A1 motorway
- ▶ Only 5km to the center of Częstochowa – the second largest city in the Silesian province (215,000 inhabitants)

LOCAL ACCESS

Direct highway access on north part silesia gateway

CTPark Czestochowa is a modern warehouse facility, intended mainly for logistics companies looking for development in the region. As in the case of many other CTP projects, the park in Częstochowa is distinguished by 12,5% of skylights in the dock area. The location of CTPark Częstochowa right next to the A1 Highway, just 5 km from Częstochowa, is a key aspect influencing the growing interest of potential customers looking for logistics solutions in this specific location.

PARK FEATURES

- ▶ Solar power in place
- ▶ Water retention and reuse
- ▶ Elegant natural landscaping and biodiversity infrastructure
- ▶ Electric charging stations
- ▶ Sports facilities and bike/pedestrian paths
- ▶ Class A facility implemented with respect to the ESG aspects

A1

The A1 motorway, is a Polish motorway which, when completed, will connect Tri-City on the Baltic Sea coast, Toruń, Łódź and Upper Silesia and then connect to the Czech D1 motorway at the Czech border.

Perfect localization
with direct access
to A1 highway
