

REGIONAL BENEFITS

Regional hub for all directions

CTPark Ostrava Poruba is situated on the western outskirts of the city, close to the D1 motorway with connections to Prague and Brno, Poland, Slovakia and Austria. Benefiting from its position in a regional metropolis with a developed infrastructure and advanced educational base, it provides investors with the necessary security of a steady labour supply and future expansion options. The park is ideal for manufacturing, logistics and R&D operations. Ostrava is the third largest city in the Czech Republic and a centre of the Moravian-Silesian region. It has a population of over 300,000 inhabitants and the whole region approx. 1.2 million people.

- Excellent Infrastructure for cross-border business: Poland: 30 km, Slovakia: 60 km
- Direct motorway to Brno/Austria/Prague
- 8 Universities in the city/region
- Highly skilled population

LOCAL ACCESS

Direct access to D1 motorway

Ostrava's economy was historically based on coal mining and heavy industry (iron, steel, mechanical engineering, but in recent years the Ostrava region has become a major centre of the automotive industry, IT sector, engineering etc and transit point for goods flowing north to Poland and the Baltics. The unemployment rate in the region is still one of the highest in the Czech Republic. Ostrava and the whole region offer a wide range of secondary and tertiary education. The biggest university is Technical University of Ostrava offering especially technical education.

PARK FEATURES

- ▶ Solar power planned
- ▶ Water retention and reuse
- ▶ Elegant landscaping and biodiversity infrastructure
- ▶ Great highway connection
- ▶ Proximity of the university

Masterplanned for business efficiency
